

# Sprint 1 Report

Quilt

Mozaic Team

February 3, 2016

- Actions to stop doing:
  - Waiting to ask questions(Ask questions sooner)
- Actions to start doing:
  - The team should start working more on the project and take less time learning web2py, since everybody should now know the basics enough to start contributing
  - Define tasks earlier, and represent these tasks more clearly in Trello
- Actions to keep doing:
  - Consistent participation from all members during Scrum Meetings
  - Good communication between teammates via Slack
- Work completed:
  - Initialize the GitHub repository and invite other developers to it
  - Create a basic layout for our webapp to use
  - Create interface for user to enter location
  - Save coordinates in database
  - As a user, I need to be able to login to an account on the website so that I can interact with the website
  - As a user, I need to be able to store my images in a location so that I can find them again later
  - Register app on facebook developer site
  - Implement code for OAuth2.0 with appID and secret app ID
  - Set up public space to give to facebook a URL for reference
  - Design a view
  - Add interactions with other functions
- Work not completed:
  - Be able to scroll vertically to browse images
  - Be able to scroll horizontally to browse images
  - When scrolling detect when near bottom and add another column/row
  - Add function that takes user/image id to check permissions to delete record (temporarily do only mark as deleted)

- Work completion rate:
  - Total number of user stories completed during the prior sprint: 4
  - Total number of estimated ideal work hours completed during the prior sprint: 110 hours
  - Total number of days during the prior sprint: 21 Days
  - For the previous sprint, the user stories/day and ideal work hours/day: 1.19 User Points/Day
